

# Japan Drone 2025

## International Advanced Air Mobility Expo 2025

### Exhibit Information

**June 4-6, 2025 @ Makuhari Messe**

The year 2025 will be the year in which drones/advanced air mobility (AAM) will be further implemented in society. It is expected that the needs for utilization in various industries will increase. Japan's largest industry event will be your best chance to sell. Do not miss this great opportunity in 2025. We look forward to your participation.
