

# FLEET GUIDE

2024

*Sunwest Aviation*  
*A Life Well Travelled*

Sunwest Aviation has provided aviation services for over thirty-five years while continuously maintaining the highest standards of safety and service in the industry.

Our business is regularly and thoroughly audited and approved by many independent aviation safety standards organizations. We hold the prestigious *ARGUS Platinum* and *IS-BAO III* accreditations in addition to Transport Canada's rigorous commercial certifications.

As Western Canada's largest private aviation operator, we offer:

- On-demand aircraft charter
- Jet Cards via the Sunwest Avro Club Membership
- Professional aircraft management for owners
- Flexible corporate contracts
- Comprehensive Aircraft sales & acquisitions
- Strategic aviation consulting

The Sunwest advantage is our ability to provide many different aircraft types, ensuring you always have the right aircraft for your trip. Our diverse fleet consists of light, midsize, super midsize, large cabin, and ultra-long-range jets, as well as a versatile mix of turboprop aircraft.

Regardless of your destination, group size, or personal preference, we have the aircraft and expertise to make your trip a success.

Live a life well travelled and let Sunwest provide you with the best aviation service in Canada.

# World Class Facilities

*Modern facilities with all the amenities*

*Primary passenger lounge*
